

ARTICULATION READ SHEET

Jackson Area Career Center has worked closely with a number of post-secondary schools in Michigan to equate our curriculum with what they are teaching. As a result, agreements have been reached that will give JACC graduates the opportunity to earn college credit if they attend these schools. In some cases, passing a competency test is also required.

DEFINITION: Articulation is a process whereby students earn college credit for skills and/or knowledge mastered at the high school level.

Articulated credits result in time and money saved in completing higher education requirements.

Currently, articulation agreements exist between Jackson Area Career Center and:

Career Quest
Baker College
Central Michigan University
Davenport College
Ferris State University
Jackson College
Michigan State University
University of Northwestern Ohio
Washtenaw Community College

SEE YOUR JACC COUNSELOR EARLY TO GET SPECIFIC REQUIREMENTS IF YOU DESIRE ARTICULATED CREDIT.
