

**JACKSON COUNTY ISD/JACKSON AREA CAREER CENTER
STUDENT/PARENT STATEMENT OF RESPONSIBILITIES
RELATED TO TECHNOLOGY USAGE**

Statement of Student Commitments:

I have read, understand and will follow the JCISD acceptable use policy (#7540.03, Student Education Technology Acceptable Use and Safety). If I break this agreement, the consequences could include suspension of computer privileges and/or disciplinary action. I also understand the school network and e-mail accounts are owned by JACC and that the school has the right to access any of the information used through the mediums provided by the school at any time.

Parent/Guardian Acknowledgements Regarding Technology Acceptable Use:

Parent collaboration for student is a crucial focus of JACC. Through technology integration, we want to work with parents so they understand the different initiatives that are taking place at school, whether they are using technology or not. We encourage parents to have your students guide you through their work so you will see their work as it develops. With parents, students and teachers working together, we become a strong learning community, thereby creating more opportunities for our students to become successful.

As the parent/guardian of this student, I have read the JCISD acceptable use policy (#7540.03, Student Education Technology Acceptable Use and Safety). I understand that technology is provided for educational purposes in keeping with the academic goals of JACC, and that student use for any other purpose is inappropriate. I recognize it is impossible for the school to restrict access to all controversial materials, and I will not hold the school responsible for materials acquired on the school network. I understand that children's computer activities at home should be supervised as they can affect the academic environment at school. I understand and will support my student in adhering to this acceptable use policy. I am aware that if my student breaches this agreement the consequences could include suspension of computer privileges and/or disciplinary action. I also understand the school network and e-mail accounts are owned by the JCISD/JACC and that school has the right to access any of the information used through the mediums provided through the school at any time. I hereby give permission for my student to use technology resources in Jackson Area Career Center.

Pursuant to Federal Law, students shall receive education about the following:

1. Safety and security while using e-mail, chat rooms, social media and other forms of electronic communications.
2. The dangers inherent with the online disclosure of personally identifiable information and,
3. The consequences of unauthorized access (e.g., "hacking", cyberbullying and other unlawful or inappropriate activities by students on line)
