This student handbook contains policies and procedures for success at the Jackson Area Career Center, and answers many of the commonly asked questions that students and parents have during the school year. Many of the Career Center's policies and procedures are based on Board of Education Policies, and to the extent this Handbook is ambiguous in relation to Board Policies, the Board Policies will control. The Board of Education and the JACC administration reserve the right to revise their policies and this Handbook.

## **GENERAL POLICIES AND PROCEDURES**

### **Enrollment Policy**

Enrollment begins with the local school counselor to determine if JACC can fit in the student's schedule. To enroll, students must have enough credits to be a junior or on track to graduate on time. Students must visit the class prior to enrollment.

To ensure accommodations are accurate and able to be provided, it is recommended that a JACC representative attend prospective student's IEP.

Age cap- Students cannot turn 20 on or before the first day of school. Those that are over the age cap can seek out Adult Enrichment options.

JACC does not offer full-day programming.

### **Embedded MMC Credit Process**

We offer embedded credits as part of the CTE curriculum. Visit the JACC website to view the chart that describes which Michigan Merit Curriculum requirements can be met through various, regular school-day programs at the Career Center.

All students must complete the entire required curriculum, whether they are earning the credit or not.

Credit is awarded by the local school and it is up to the local school to initiate the paperwork and determine who needs the credit.

See your local high school counselor for approval and more specific information about the Michigan Merit Curriculum requirements.

### **Parent Involvement**

Student learning is most successful when there is an effective partnership between the school, the student and the student's parents/guardians. Parent/guardian participation in students' academics and school activities will be encouraged throughout the school year. Additionally, parents/guardians are encouraged to work with home school and Career Center administration and counseling staff if there is a student academic, behavioral or disciplinary concern. Parents/guardians are encouraged to review this Handbook carefully to be familiar with the school's expectations and some of the opportunities for parents/guardians to be involved in their students' success.

### **Review of Instructional Materials and Activities**

Parents have the right to review any instructional materials being used in the school, subject to reasonable restrictions and limits. Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the school.

### **Attendance Policy**

Classes at JACC are "applied knowledge". Therefore, it is vital that students are here to participate in class. Grades will reflect employability, academic and lab performance.

JACC is on six week grading cycles. Any student who exceeds 3 unexcused absences in a grading cycle will be subject to the reduction of their employability grade. **(Minimum of 10% of the overall grade).**

- Trimester equals two grading cycles
- Semester equals three grading cycles
- Tardies will be handled internally by the teacher

Absences will not accrue for missed class time due to the following reasons (with proper documentation):

- Death in family (up to 3 days)
- Subpoena to court (during scheduled class time)
- Home school activity

Students with extenuating circumstances should see an administrator in the Main Office. Medical documentation will only be accepted for extenuating circumstances.

**IMPORTANT:** Students that exceed the attendance policy and are failing at the end of the trimester/semester may not be recommended to return to JACC the following trimester/semester. Ten consecutive unexcused absences will result in removal from the JACC program.

**All attendance and grade information is available to parents and students on line through our Power School web site (ps.jcisd.org).** Password and log on information will be sent to parents/guardians soon after the start of school. If you have any questions, please call 936-2820.

### **Student Records**

Student educational records shall be available to parents/guardians and eligible students and school staff that have a legitimate educational interest in that information. It may also be made available to other individuals or agencies as permitted by law or pursuant to a release by the parent/guardian or eligible student.

The records of Career Center students are on file in the Student Personnel Office. Student records are available for examination by parents/guardians and students over 18 years of age by making a request directly to the Building Principal. If, upon inspection, the parent/guardian or eligible student find inaccurate information, they may request amendments, and challenge the district should the amendments not be made. More information regarding student and parent rights related to student educational records is available at <http://www2.ed.gov/policy/gen/guid/fpc/brochures/parents.pdf> or [http://www.michigan.gov/documents/parental\\_rights\\_122553\\_7.pdf](http://www.michigan.gov/documents/parental_rights_122553_7.pdf).

### **Directory Information**

Certain "directory information" regarding a student may be released to any person or party, although the parents and eligible students may refuse to allow the district to disclose any or all such information by written notification. The primary purpose of directory information is to allow the Career Center to include information in certain school publications. Examples include:

- A brochure of your student's class
- A picture of your student or listing of their name and class posted at local school conferences
- The JACC website
- The yearbook video
- Honor roll or other recognition
- Student recognition program

Information may also be published in newspapers or shared with employers and colleges. In addition, federal laws require local educational agencies to provide military recruiters, upon request, with names, addresses and phone listings.

Directory information which would not generally be considered harmful or an invasion of privacy if disclosed includes: student's name, city or township of residence, telephone listing, major field of study, program and session, student photographs, participation in recognized activities, dates of attendance

(school year enrolled), certifications, awards and honors received, scholarships and other information that is generally found in directories, yearbooks and programs.

We will be notifying colleges we partner with of students who have completed the requirements for articulation credits.

If authorized to do so, we may release school preparation and attendance patterns to prospective employers.

**If you do not want the Career Center to disclose this information, you must notify the Career Center, in writing, within 2 weeks of the first day of attendance.**

### **Change of Address**

If your address or telephone number changes any time during the school year, please notify your JACC instructor in order to keep your records up-to-date.

### **Closed Campus**

Once students arrive on Jackson Area Career Center property they are not permitted to leave the property until they leave for the day. This policy is for the overall safety and well being of our entire student body. It affects all students no matter how they are transported to the Career Center.

\*exceptions by administrative permission only.

### **Dress Code**

Student dress and grooming shall be appropriate, clean and neat. Dress shall be defined by each program's job standards, explained in the class syllabus or as determined by administration.

### **Student Lockers**

Lockers are the property of the Jackson Area Career Center and the contents may be inspected at any time. The Career Center will provide locks. Personal locks are not permitted.

### **Search and Seizure**

- Searches of motorized vehicles, lockers and students shall be conducted in accordance with the rules developed by the Superintendent. No law enforcement officer may search any locker without a search warrant unless he/she has the consent of the building Principal and is accompanied by the principal or designated representative.
- School lockers are the property of the District. At no time does the District relinquish its exclusive control of lockers provided for the convenience of students. School authorities for any reason may conduct periodic general inspections of lockers at any time, without notice, without student consent and without a search warrant.
- Motorized vehicles brought onto the school property by students are subject to search by building Principals or designated representatives for any reason at any time, without notice, without student consent and without a search warrant when school officials reasonably suspect that the contents of the motorized vehicles may present any threat or potential threat to the health, safety or welfare of other students or the school in general. In the case of locked motorized vehicles, every effort will be made to have the vehicle unlocked by the student before proceeding with the search. Students refusing to cooperate in allowing a search of a vehicle brought by them onto school property shall be subject to disciplinary action up to and including, if appropriate, a recommendation for removal from JACC to local school administration.
- Upon reasonable suspicion and in order to protect the health, safety or welfare of students under school jurisdiction, building Principals or designated representatives are authorized to search students. School authorities shall conduct no strip searches. All searches shall be carried out in the presence of an adult witness.
- School representatives may also include school liaison officers.

### **School-sponsored Publications and Productions**

The following speech is unprotected and prohibited in all school-sponsored student publications and productions: speech that is defamatory, libelous, obscene or harmful to juveniles; speech that is reasonably likely to cause substantial disruption of or material interference with school activities or the

educational process; speech that infringes upon the privacy or rights of others; speech that violates copyright law; speech that promotes activities, products or services that are unlawful as to minors; and speech that otherwise violates school policy or law.

### **Medical Insurance**

All Career Center students **should have medical insurance** coverage either through their parents/guardians or through the student insurance policy offered by the student's local school. If a student does not have insurance, it is recommended the student contact their Career Center Counselor to discuss potential insurance options.

### **Medication**

- All medication must be turned into the Main Office with dosage instruction and a permission slip from parent or guardian to administer. The only exception to this is the use of a metered dose inhaler or a dry powdered inhaler following the guidelines contained in the school code, MCL 380.1179.
- In order to administer prescription medications, the Career Center requires a written physician prescription. All medications must be in their original containers.
- Beginning in 2014-15, the school will be authorized to maintain a small supply of epinephrine auto-injectors ("epi-pens") for emergency treatment of an apparent anaphylactic reaction. Some school staff will be trained to administer this medication in accordance with state guidelines. A parent/guardian will be promptly notified when the medication is administered to a student.

### **Communicable Diseases and Pests**

Because the school has a high concentration of people, it is necessary to take health or safety measures when others may be placed at risk, such as exposure to communicable diseases or highly-transient pests. Staff may isolate or remove a student if the student is ill, has been exposed to a communicable disease or highly transient pests, such as lice. Such removal or isolation will be limited to the contagious period, and staff will rely on the advice of appropriate health professional professionals, such as the County Health Department for that determination. In situations in which a student or staff member has been exposed to the potential of a noncasual contact disease, such as HIV, Hepatitis A, B or C (usually through blood or other body fluids), the school will ask parents to have their student's blood tested. Any such testing will be subject to federal law requirements and state and federal laws related to confidentiality.

### **Accidents/Safety**

- To keep accidents at a minimum, it is essential all students follow the safety program outlined to them by their instructor. Many of the safety rules followed in the labs are the same rules employees follow in the work world. If you should be involved in an accident, report it immediately to your instructor, who will see that you are taken care of.
- Some programs at the Career Center require students to wear safety glasses. In those programs, safety glasses are provided by the Career Center, to be turned back in to the instructor at the end of the school year. Because of some types of work performed in certain areas, protective footwear is strongly recommended but not required.
- Any problems you are having with your health that could impact your participation in your Career Center program, or that could put fellow students at risk, should also be reported to your instructor and/or counselor.

### **Safety Drill Procedures and Conduct**

Safety drills will occur at times established by the Principal. Students are required to be silent and comply with the directives of school officials during emergency drills. Each school shall conduct at least five (5) fire drills, two (2) tornado drills, and three (3) lock-down drills each school year. At least four (4) of the fire drills shall occur in the fall. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

### **Age of Majority**

Although 18-year-old students are recognized as adults under the Age of Majority Act, school officials are nonetheless committed to the equal treatment in application of school policies and procedures to all students. With the exceptions noted below, school district policies and procedures set forth apply to all students, regardless of their attainment of the age of majority. Students 18 years and older may:

- 1) Have the same privilege as their parents/guardians as it relates to access or control of their student records;
- 2) Represent themselves during disciplinary conferences and be the addressee for their grade reports
- 3) Sign themselves in and out of school and verify their own absences. NOTE: All attendance standards continue to apply;
- 4) Provide reason(s) for their absences and tardies, but are held to the same attendance requirements as other students, including the acceptable reason(s) for an excused absence.

Eligible students who wish to assert these rights should register their intent on the appropriate form in the Career Center Office. Until such time as the eligible student registers this intent, school officials will not apply the above exceptions to school policies and procedures.

### **Student Driving/Transportation**

- Each local school district provides bus transportation to and from Jackson Area Career Center. Students are expected to follow their local district's policies concerning transportation to and from Jackson Area Career Center.
- Driving a car to Jackson Area Career Center is approved **only** by the local district Principal. If your school grants you permission to drive, Jackson Area Career Center rules and regulations apply.
- **Students with permission to drive a personal vehicle may only park** in the designated Student Parking Lot (Parking Lot "E").
- In order to ensure a safe environment in the student and staff parking area, there will be a security person monitoring the lot. Students are expected to identify themselves and respond to the security person's directions and requests.
- Student drivers are expected to arrive at the same time as their local district bus arrives. Students who drive should also be in the labs/classrooms the same time as bus students. Repeated tardiness will be dealt with by the individual teacher and/or an administrator up to and including removal from the JACC.
- Driving privileges may be revoked for any reason by JACC administration.

### **Visitors**

- **Visitors in the building must register in the Main Office.**
- Because of equipment and necessary safety precautions, students **will not be allowed to bring visitors to class.**

### **Law Enforcement Assistance**

An officer of the Jackson County Sheriff Department has been assigned to the Career Center to assist students. Students should inquire with any staff member if they desire to speak to the liaison officer.

### **Student Grievance**

Any person believing that the Jackson County Intermediate School District or any part of the school organization has inadequately applied the principles and/or regulations of Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title II of the Americans with Disability Act of 1990, and other federal and state civil rights laws may bring forward a complaint, which shall be referred to as a grievance, to any of the following officials:

Mark Pogliano, Principal, Jackson Area Career Center	517-768-5100
Amy Rogers, Principal, Tarrant/Kit Young Centers	517-787-8910
Catherine Brechtelsbauer, Director, Human Resources & Legal Services	517-768-5200

The Jackson County ISD Board policies 2260 and 2260.01 provide additional information about student and family rights to pursue claims of discrimination. Relief may also be sought from the Office for Civil Rights, U.S. Department of Education, 600 Superior Avenue East, Suite 750, Cleveland, OH 44114-2611; Phone 216-522-4970; Fax 216-522-2573; TDD 877-521-2172. E-mail: [OCR.Cleveland@ed.gov](mailto:OCR.Cleveland@ed.gov).

### **Special Education Assistance**

- Assistance is available in the following areas: rehabilitation service referrals, personal adjustment and work behavior development, work study services, job placement assistance, paid and non-paid work experience, employment, consultation for adaptive/assistive technology and interpreter services.
- The Center for Student Success is also available as a resource for all students with and without disabilities for academic support, behavioral support, assistive technology, Individual Education Plan (IEP) and Section 504 of the Rehabilitation Act of 1973, Carl D. Perkins Career and Technical Education Improvement Act of 2006 assistance. For further information call (517)768-5260.

### **Accommodating Persons with Disabilities**

Persons with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Persons with disabilities having questions about accessibility or needing accommodations should contact the superintendent or building principal or The Center for Student Success at (517)768-5260. Notification of the need for accommodation should occur as far in advance as possible of the school-sponsored function, program, or meeting.

### **Education of Students with Disabilities**

- It is the intent of the school district to ensure that students who are disabled within the definition of the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act of 1973 ("Section 504") are identified, evaluated, and provided with appropriate educational services.
- The school district provides a free appropriate public education in the least restrictive environment and necessary related services to all students with disabilities enrolled in the school.
- For the provision of special education programs and services under the IDEA, the term "student with a disability" means a person between ages 3 and 26 for whom it is determined that special education services are needed. A student who reaches age 26 after September 1 is a "student with a disability" and entitled to continue a special education program or service until the end of that school year.
- For the purposes of complying with Section 504, a "student with a disability" is a person who:
  - (1) Has a physical or mental impairment which substantially limits one or more of such person's major life activities;
  - (2) Has a record of such an impairment; or
  - (3) Is regarded as having such an impairment

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the local school district office.

### **Rights of Homeless Students**

Students who meet the federal definition of "homeless" have certain rights related to education. Students, parents and/or guardians who need information regarding rights for homeless students and/or who want to file a dispute related to these rights may contact Ms. Victoria Burke, JCISD Liaison for Homeless Children, (517)768-5264, [victoria.burke@jcisd.org](mailto:victoria.burke@jcisd.org).

### **Limited English Proficiency**

Limited proficiency in the English language should not be a barrier to equal participation in instruction. Career Center staff will work with the staff of the home school when a student has been identified as having limited English proficiency, to determine the appropriate additional support needed to allow the student to access to the benefits of his/her Career Center class.

### **Counselor Services**

Counselors are available to serve your needs in the areas of choosing a JACC class, college and career planning, financial aid and scholarships, health insurance, personal and crisis counseling, academic advising, time management/organization and make referrals to appropriate agencies.

### **Personal Counseling**

In addition to career and academic advising, JACC counselors often meet with students and/or parents to discuss personal issues. It is important to understand that counselors believe in self determination of students. That means that a counselor will advise you on decisions by helping you gather as much information as possible. A counselor may even suggest that you follow a specific route of action, based on your stated goal. It is most often our intent to help students advocate and take responsibility for themselves.

### **Confidentiality Policy**

When seeking assistance from a counselor, it is important that you understand the benefits and limits of confidentiality. Confidentiality is a responsibility and duty of the counselor to protect the clients from unauthorized disclosures of information revealed during counseling.

Under the following circumstances, counselors are bound to breach confidentiality:

1. When clients pose a threat to themselves or others
2. When clients disclose intent to commit a serious crime
3. When the counselor suspects child abuse or neglect
4. When a court orders access to a client's records
5. When clients give permission for the counselor to share information

In Michigan, people over the age of 14 can seek counseling without first securing parental permission. However, parents have a legal right to information about their child's counseling until the child is 18 years of age. If parents request information about their child's counseling, the counselor may meet with the child and parent together.

### **Community Counseling and School Counseling**

In cases where a student is in need of intensive or regular counseling sessions, it may be best for that student to seek counseling from a source in the community outside of the school day. JACC school counselors are happy to work with students and parents to find appropriate community support. In some instances, at the discretion of the family and outside counselor, school counselors can work with the out of school counselor to ensure the student feels supported at school as well. This would require a signed "release of information" from the student and parents.

### **Emergency Assistance**

Dial 2-1-1 for immediate access to thousands of services available to Central Michigan residents. A specialist will assess your situation and provide you with information on finding counseling, food, shelter, health care, support groups, legal aid, clothing, etc.

### **Mandated Reporters**

School teachers, counselors, social workers, and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect.

### **Job Placement**

Work Based Learning Coordinator will develop a placement file on each Career Center student applying for this service. Each student's file will contain information relative to career goals, evaluations and recommendations from instructors and past employers, plus your Career Center attendance and records of training you have received, or are receiving.

## **Grades**

The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. The Career Center has a standard grading procedure which takes into account test results, homework, projects, class participation and employability. Each Instructor will distribute the grade criteria for his/her class at the beginning of the school year or semester, as applicable. Classes at JACC are “applied knowledge.” Therefore, it is vital that students are here to participate in class. Grades will reflect employability, academic and lab performance. JACC classes are “for credit”, and may not be audited for “no credit”. JACC grades will be reported to the local districts and will be included on their report card. Parents and students are encouraged to use Power School to check grades regularly.

## **Youth Groups**

The Career Center has eight active youth groups for voluntary student participation. These youth groups give students an opportunity to learn leadership skills, help the community with special projects and experience a different way of learning within their chosen cluster. Some youth groups provide students with a terrific opportunity to meet students from across the region, state and nation that have similar interests, while giving them a chance to share ideas. JACC actively participates in the following youth groups:

- BPA - Business Professionals of America
- DECA – An Association of Marketing students
- First Robotics
- FFA
- Golden Knights
- HOSA – Health Occupation Students of America
- NTHS - National Technical Honor Society
- SkillsUSA

## **Field Trips**

At various times throughout the school year some instructors will arrange field trips relating to skill area. If it becomes necessary for a student to be absent from the local high school for a field trip, it is the student’s responsibility to obtain permission from their local school. Career Center Instructors will verify these field trips with the local high school. A permission slip signed by the parent or guardian is necessary before a student is allowed to participate in a field trip.

## **Staff Memorial Fund**

In memory of Career Center staff that have passed away, we have established a fund for the purpose of helping meet emergency financial needs of Career Center students as it relates to their success in the classroom. For more information, please contact your instructor, counselor or an administrator.

## **Emergency Weather Procedure**

- In the event of a tornado watch - students will be dismissed only if their local school sends buses and requests their students’ early release. Students must return home by the same means of transportation they used to get to the Career Center on that particular day.
- In the event of a tornado warning - your instructor will inform you of the action to be taken.

## **School Closing Procedure**

- On rare occasions, the weather or other external influences will necessitate a decision to close or delay the operation of the Career Center. If the Center will not be in session, the decision to close will be announced on radio stations: Q106.1 FM, WIBM-94.1 FM, Family Life Radio-96.7 FM, WMMQ-94.9 FM, WKHM-97 FM, WCSR-92.1 FM (Hillsdale), and television stations: WLNS, WILX and Fox 47.
- Jackson Area Career Center will use a phone automated calling system that will call all students (using the phone number on file), to notify parents and students of school closures and delayed starts.

**Toxic and Asbestos Hazards**

JACC is concerned for the safety of students and attempts to comply with all federal and state laws and regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. Board Policy 8431 addresses these issues, and the most recent three-year asbestos inspection was conducted in May 2015 by ARM Industrial & Environmental Consultants, Inc. in accordance with AHERA regulations. In between the three-year inspections, JCISD personnel conduct periodic surveillance of each JCISD building which might contain asbestos. Our reports are on file at the Educational Service Center Building. Questions regarding asbestos and related compliance issues for the JCISD should be directed to Roger Auwers, the District's Director of Finance/Operations.

## **DISCIPLINE PROCEDURES**

All students are within the jurisdiction of the school and any overt misbehavior and rule infraction while on school property, at school activities or extensions of the Jackson Area Career Center educational program places all students under the disciplinary action of the school.

Below is a description of the discipline procedure that may be used by the principal or designee in administering the rules and policies at Jackson Area Career Center. This is followed by a definition of the most common rule infractions. These rules apply to any student who is on school premises, on a school-related vehicle, at a school-sponsored activity, or whose conduct at any time or place directly interferes with the operations, discipline or general welfare of the school. There will be other acts of misbehavior that are not included in this list. In such instances, disciplinary action will be at the discretion of the principal or designee.

Students and parents shall be informed that they will have access to procedural due process as spelled out in this document in such instances.

### **Procedure**

- The principal or designee will make an investigation for the purpose of understanding the exact nature of an alleged infraction.
- Notify parents of investigation (written and/or verbal) or a conference with administrator and parties concerned. Once the investigation is completed the school staff will confer with the student and parent/guardian and provide an opportunity to provide input into the disciplinary decision.
- At administrator's discretion, student removal until a parent conference, assign in-school suspension or suspension from school for up to ten (10) school days. Administrative discretion to be used pending parent contact. The home school Principal or his designee and the student personnel office shall be notified.
- Students suspended from school may not participate in any Career Center function during the period of the suspension. The student may also be suspended from the home school.
- If appropriate, a recommendation for removal from JACC to local school administration.
- Students that are absent for ten (10) consecutive days, with no contact, will be dropped from the Career Center.
- If the rule infraction violates the law, the school may bring in the local or state police agency. The parent/guardian or eligible student will be notified in these circumstances.

### **Discipline of Students with Disabilities**

The school will comply with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 when disciplining students. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No special education or Section 504 student will be expelled if the student's misconduct is a manifestation of his/her disability as determined through a manifestation hearing. Any student with a disability whose misconduct is not a manifestation of his/her disability may be suspended or expelled pursuant to school disciplinary procedures.

### **Right To A Conference**

Parents/Guardians have the right to an immediate conference with Jackson Area Career Center Administration any time a student suspension occurs.

### **Video Monitoring Systems**

A video monitoring system may be used on school busses and a video monitoring system may be used in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on videotape, that recording may be used as the basis for imposing student discipline. If criminal conduct is recorded, a copy of the tape may be provided to law enforcement personnel.
