

## **SUBGROUP ACHIEVEMENT DATA**

1. All of the core academic subjects are within the current state AYP content targets.
2. No sub-groups are scoring more than 10 percentage points lower than the current state AYP targets.
3. The developmental delays & neurological difficulties of our student population are the contributing cause for the gaps.
4. Not applicable, all of our students function at supported or participation level of MI-Access.
5. There is not a sub group for our student achievement gap.
6. Possible actions that can be taken to address the areas for improvement would include in-servicing the teachers/staff to incorporate EGLES in daily classroom activities.
